Oversubscription criteria

For September 2024

If there are fewer applicants than there are places available, everyone who applies will be offered a place. When there are more applicants than there are places available there has to be a way of deciding which children are offered places. This is done by having admission criteria which are considered in strict order of priority:

1. Children in public care (looked after children) and children who were previously looked after.
 2. Children who live in the school's Priority Admission Area (PAA) who have a brother or sister attending Royds Hall, a SHARE Academy or Luck Lane, a SHARE Primary Academy from the same address at the date of admission (the sibling rule).
 3. Children who live in the school's PAA (see appendix A).
 4. Children who live outside the school's PAA who have a brother or sister attending Luck Lane, a SHARE Primary Academy or Royds Hall, a SHARE Academy, from the same address at the date of admission (the sibling rule). Original documents may be requested by the Data Manager.
 5. Children who live outside the academy's PAA.
 6. In the event of a tie, children will be prioritised by the shortest straight-line distance from the academy (see notes below). If there still remains a tie random allocation by drawing lots will be used as a tie-break in categories 3, 4, 5, 6 or 7 to decide who has the highest priority if the distance between the two children's homes and the academy is the same. The process will be independently verified.
- Priority Admission Areas for all schools have been agreed and determined by Kirklees Local Authority
