Dear Parent/Carer

Cooking & Nutrition Lessons

During the academic year your child will take part in a 13-week rotation of cooking and nutrition lessons. During this time, they will be asked to bring in ingredients every 2 weeks for a practical session. Please note that recipes are given out to pupils in lessons and reminders can be found on Arbor and the student bulletin. It is important that pupils store their ingredients in the fridge by dropping them into the food room (A2) just before form time.

If there are any circumstances that you are unable to provide ingredients or struggle to obtain certain items, we may be able to support by providing them for your child's lesson. This is only possible when we are given at least 48 hours' notice to ensure we can provide the items. Unfortunately, if we are not notified, or no ingredients have been given, your child will take part in a theory lesson.

Thank you for your support.

Yours sincerely
