

MFL Programme of study

Subject intent:

'A different language is a different vision of life' Federico Fellini "A window on the world"

The Language Curriculum at Royds Hall aims to ensure that all children master skills in listening, reading, speaking and writing a foreign language as well as developing an appreciation of the culture and traditions of the countries it is spoken in. Lessons are highly participative to enable learners to speak with increased confidence, fluency and spontaneity through meaningful conversations as well as being able to write at varying lengths, for different purposes and audiences about a variety of topics. Through a scaffolded approach, students develop mastery of grammar, phonics and vocabulary of French and Spanish. Our weekly independent study programme aims to accelerate learning, promote recall and retention and develop long-term memorisation of key structures and vocabulary at a complex level. Through the use of authentic materials, we foster children's curiosity and deepen their understanding of the world, as well as developing their knowledge of where different languages (including the range of home languages spoken in school) are spoken in the world. Our curriculum promotes global citizenship as well as laying the foundations for future language study.

Year group	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
